

2005 Seneca™ Class C Motorhomes by Jayco

A STRONG
NEW ATTITUDE
IN DIESEL
MOTORHOMES

Make plans for a memorable journey. Make a statement with how you get there.

▲ The standard remote-controlled Carefree® Eclipse™ awning can be adjusted from flat to steeply angled. It smoothly and gradually dumps pooled rainwater and offers greater headroom to walk under.

◀ The rear of the motorhome features attractive, molded styling usually seen on more expensive Class A motorhomes.

▶ The front fiberglass cap, Gel-coat fiberglass sidewalls and one-piece fiberglass roof resist the elements and slip through the air. To reduce hassle on your trip, dual pullout battery trays give you easy access, and the 80-gallon fuel tank lets you go farther between fill ups.

You've got a full schedule planned. Auto races this summer. Football games and tailgate parties this fall. Events that put you in the middle of the excitement. Place yourself right where you yearn to be in a vehicle as exciting as your surroundings. The new Seneca™ motorhome by Jayco® is our most luxurious, roomiest, boldest motorhome. It gives you as much as some Class A motorhomes, but its tight turning radius, superior visibility and diesel power make it easy to drive. Getting there has never been this much fun.

For more information go to www.jayco.com.

▲ The 5,500-watt Onan® Quiet Diesel generator with 50-amp service provides plenty of power when you don't have access to hookups.

▼ Pass-through basement storage with Class A motorhome-style baggage doors lets you bring plenty of gear. Take longer items such as golf clubs without taking up interior space.

▼ The exclusive outside utility center consolidates connections and controls within easy reach. Our "no-mess" valve system makes dumping your holding tanks cleaner and easier. The drain hose is positioned out of the way so it won't interfere.

The front entertainment center's large 27" flat-screen TV is easy to see from anywhere. The Customer Value Package includes a home theater system with Dolby® Digital 5.1 Surround Sound for a great movie-viewing experience. The pullout front bunk gives you extra sleeping space and stores when not needed.

The best way to reach your destination is to set your own direction.

You live for experiences like the Taste of Chicago or New Orleans' Jazz and Heritage Festival. Events that let you see, hear, taste and smell all the great things that make the trip worth taking. In Seneca™ motorhomes, you'll find all the space and comforts that make travel so enjoyable. Generous storage in beautiful, handcrafted North Ridge Maple or optional Concord Cherry cabinetry. Standard bedroom slideouts. Optional leather upholstery. And a long list of other features that let you do more than stay. They let you live.

The bedroom feels like home with a queen bed with pillow-top mattress and day/night shades. Gain plenty of space with the standard slideout, and plenty of storage in the large wardrobes and under the bed, which lifts easily on gas struts.

There's no such thing as roughing it in the well-equipped bathroom, complete with neo-angle shower with bath surround, glass shower door, skylight and residential-style 6-panel passage doors.

Seneca™ 35 GS interior
with Imperial Onyx decor

Sometimes finding a place to fit in is easier than you think.

Seneca™ 34 SS interior
with Embassy Stone decor

▲ The Seneca™ cab offers conveniences you expect such as tilt steering, cruise, factory air, power locks and windows and the safety of driver and passenger air bags. It goes beyond expectations with a premium AM/FM/CD stereo, upgraded fully front/back adjustable recliner seats, two 12V powerpoints, remote keyless entry and a more compact, comfortable 16" steering wheel that makes maneuvering easier.

▶ One look at the kitchen shows how Seneca™ gives you more than you're used to in motorhome style. The Corian®-edged kitchen countertop and beautiful North Ridge Maple cabinetry are rich and attractive. We include a 3-burner range, 8-cu.-ft. flush-mount, double-door refrigerator, microwave with carousel and even a water purification system so you can prepare any meal imaginable.

Customer Value Package

Let your passion
drive you to a
brand new viewpoint.

Ford F-450/F-550
26' from bumper

Chevy™ Kodiak® C4500/C5500
13' from bumper

▲ Driving has never been easier. A larger windshield and sloped hood let you see objects as close as 13 feet from the front bumper. An efficient wheelbase design that includes a set-back axle and 53-degree wheel cut gives Seneca™ a tight turning radius so you can get out of tight spots without having to back up. To ensure a smooth ride, rubber body mounts insulate you from bumps. All-wheel disc brakes with ABS ensure reliable stopping power.

▲ The brawny Chevy™ Duramax® 6.6L diesel engine pumps out 300 hp and 520 ft.-lb. of torque for the power to go anywhere. The 5-speed automatic Allison® 1000 Series transmission with overdrive provides a quieter ride.

▲ Alcoa® aluminum wheels look great and Michelin® 19 1/2" tires give you a smooth, dependable ride.

It may be a long trip to the Erie County Fair for the All-American Pie Eating Contest or to the SEFAIR® festival in Seattle to watch the air show and hydroplane races. But you set off in eager anticipation, loving every mile along the way and imagining all the fun you'll have once you get there. Seneca™ motorhomes are built to ease your journey, with features such as the powerful Duramax® diesel engine, large, sturdy side mirrors and exceptionally nimble handling. So hit the road ... and enjoy the ride.

▲ Setting up is simple. Just press a button and the automatic hydraulic leveling jacks do the rest.

▲ Seneca gives you a better view for added safety. Heated, lighted, remote side mirrors offer a large 126-sq.-in. surface area and a 6" x 7" convex section. They are mounted to the cowl and the rigid body structure instead of to the door, giving you a good look with less vibration.

2005 Seneca™ Class C motorhome standards and options

Toilet/Black Wastewater Capacity (gals.)	50	50
Exterior Storage (cubic-ft.)	160	173

It is important that you review weights and ratings before you purchase a new motorhome.

Unloaded Vehicle Weight (UWV): Sometimes referred to as "Dry Weight," UWV means the weight of this motorhome as built at the factory. The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, LP gas, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the motorhome, including the UWV plus all cargo, passengers, personal items, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal belongings, food, fresh water, LP gas, tools, other cargo and dealer-installed accessories that can be carried by the motorhome. CCC is equal to or less than GVWR minus UWV.

Jayco® affixes a weight label to each new RV which lists weight information for that vehicle.

We back what we build

The Jayco 2+3 **Warranty** is a manufacturer's limited warranty. It doesn't come from your dealer and it's not an extended warranty! It comes from the people who build Jayco recreational vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months from the date of purchase against defects in materials and workmanship. The Jayco warranty includes a three-year (3) structural guarantee. In addition, our limited warranty may be transferred one time within the first two (2) years. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business! For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer or visit our Web site.

Chevy™ chassis is warranted for repairs, including parts and labor, to correct defects in materials or workmanship for two (2) years/unlimited mileage (excludes routine maintenance). Frame rails and crossmembers warranted for five (5) years/unlimited mileage. Cab sheet metal rust-through is covered for five (5) years/unlimited mileage. Duramax® 6600 diesel engine covered for five (5) years or 100,000 miles, whichever comes first, with a \$100 deductible after 36 months. Diesel emissions systems warranted for five (5) years or 100,000 miles. Axles covered for two (2) years/unlimited mileage. Allison® 1000 transmission covered for three (3) years/unlimited mileage. All body sheet-metal components are covered by a General Motors® limited warranty.
