2006 DESIGNER Fifth Wheels

AMERICA'S MOST LIVEABLE RVs.

DESIGNER[®]
2006 Fifth Wheels by Jayco[®]

AMERICA'S MOST **LIVEABLE** RVs.

"Liveable," to our customers, could mean comfort. To our designers, it's a refined, ergonomic floorplan. For those who build them, we see value. The definition is most likely "all of the above"...and then some.

35 CLOS/Platinum Slate Premium Paint

THE GREAT INDOORS.

While adjustable axles, double-stacked steel frames and welded aluminum frame are all standard, you do have some decisions to make. Such as two premium paint packages, stackable washer/dryer, central vacuum and a suspension system/pin box upgrade. Or perhaps an ingeniously designed kitchen bay window that expands to hold two shelves for plants...fresh basil anyone?

35 CLOS

1

2

3

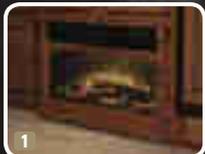

1. Views will look even more beautiful through your bay window that includes two plant shelves.
2. Solid surface J-Stone® countertops are both functional and attractive.
3. The Carefree® One-Touch patio awning allows you to easily create a comfortable area that's perfect for relaxing on summer evenings.

LUXURY BY DESIGN

DESIGNER[®]

2006 Fifth Wheels by Jayco[®]

THE BEST GETS BETTER.

1. The Designer's optional fireplace adds a cozy, homey feel to the living room area. 2. Framed in solid hardwood fascia, the entertainment center features a 24" TV, home theater system with Dolby[®] Digital 5.1 Surround Sound and DVD player. 3. Our optional newly redesigned Euro-style chairs look stylish and streamlined, and are constructed using an all-metal frame.

36 RLTS/Provincial Glazed Maple

FOLLOW YOUR DREAMS.

From yesterday's weekend to tomorrow's lifetime, the Designer can go the distance in complete, effortless comfort. Multiple slide-outs move across very thought-out floorplans. The Designer delivers the space you expect and the quality you demand in fifth wheel luxury.

36 RLTS

1

2

3

1. The Designer's bathroom showcases the features of a home bathroom, including a laundry chute, a medicine cabinet and a fiberglass garden tub or shower.
2. The Designer's central vacuum system makes housekeeping simple and hassle-free.
3. Slideout awnings provide additional light control, weather protection, and enhance the appearance of the exterior.

LUXURY BY DESIGN

A. Provincial Glazed Maple (optional)

B. Manchester Oak (standard)

LUXURY STARTS WITH A GREAT FINISH.

Choose from two different types of wood: the elegant, dark Provincial Glazed Maple or the classic, light Manchester Oak.

RELAX, YOU'VE EARNED IT.

Sit back and enjoy the sights and sounds. The rich Manchester Oak or Provincial Glazed Maple frame your choice of four interior color schemes. The entertainment center delivers flat-screen video and DVD with exciting Dolby® Digital 5.1 Surround Sound. An optional gas fireplace says "welcome" to any visiting friends or family.

31 RLTS/Manchester Oak

36 RLTS/Provincial Glazed Maple

2

3

1. Jayco's old-world Amish craftsmen build RVs in the same tried-and-true methods used for generations.
2. The Designer's rubbed bronze drawer and cabinet pulls add an elegant touch to the décor.
3. The double-door, wood-paneled 8 cu. ft. refrigerator is attractive and large enough to accommodate all of your food essentials.

LUXURY BY DESIGN

DESIGNER[®]

2006 Fifth Wheels by Jayco[®]

Standard Construction Features

1. The **seamless one-piece rubber roof** shrugs off the hardest rains, reflects heat, and reduces noise.
2. **FRP smooth fiberglass sidewalls**
3. **1/4" roof decking**
4. Our **5" TuffShell™ vacuum-bonded crowned roof** is stronger than those used by other manufacturers (R-21).
5. **Ducted A/C venting**
6. **Extra-strong TuffShell™ vacuum-bonded side-walls** are constructed with aluminum framing. Everything is anchored to the floor, so the floor supports the weight of the walls (R-9).
7. **Welded aluminum framing**
8. **Insulated in-floor ducted heating** distributes heat evenly and frees up more space for cabinets (R-22).
9. Strong **5/8" plywood flooring is tongue and groove**, so seams stay firmly attached.
10. Our rugged, **double-stacked 12" tubular steel frame** is stronger and won't flex as much as the typical C-channel frame most RVs are built on, so Designer is more rigid and stable.
11. An R-22 value is achieved by combining R-15 bubble foil insulation and R-7 blanket insulation. **Puncture-resistant PolyFlex™ and bubble foil insulation** line the underside of the flooring. Holding tanks are insulated and heated and the underbelly is fully enclosed.
12. **End caps are one-piece molded fiberglass.** They lend a sleek aerodynamic look and they're dent-resistant, too. Repairs, if required, are easy.

13

14

15

16

13. Jake Plate™ adjustable axle hanger plates allow you to adjust the height of your Designer to accommodate tow vehicles of different heights. 14 Expand your living space easily with the PowerDrive™ slideout. A strong 12" stacked tubular steel frame allows for 6'3" of headroom in the slideout. 15. The Designer floor is laminated and built on a 3" tall aluminum frame with joists welded on 16" centers, making the Designer not only lighter to tow, but more durable. 16. The optional MOR/ryde® suspension system adds rubber shear springs that absorb damaging road shock, delivering smoother towing and better handling.

Customer Value Package

1. The Designer's entertainment center features a 24" TV, home theater system and DVD player.

2. Our deluxe, king-size 72" x 80" pillow-top mattress will ensure you get a good night's rest.

3. The foldable exterior grab handle makes getting in and out of your Designer worry-free.

4. The solid steel safe allows you to store valuables securely.

5. The powered attic fan in the bathroom improves ventilation.

6. The Designer's EZ Lube® axles with removable caps make maintenance a snap.

7. The home stereo system includes Dolby® Digital 5.1 Surround Sound.

8. The Designer features a water purification system, so you'll always have clean, great-tasting water.

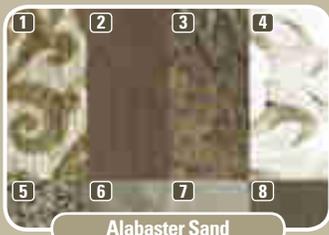

Popular Features

1. The large pass-through storage area allows you keep the inside of your Designer free from clutter.
 2. The interior command center conveniently controls the generator and slideout functions from one location.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up, and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options, or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo, and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

- **Free** jump starts
- **Free** tire changes
- **Free** fuel delivery
- **Free** lockout service
- **Free** travelers checks

Your Jayco Dealer

See above dealer for further information and prices.

We Back What We Build.

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. In addition, our limited warranty may be transferred one time within the warranty period. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer or visit our website at www.jayco.com.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco, or visit our web site.

Please Note: All information in this brochure is the latest available at the time of publication approval. Jayco reserves the right to make changes and to discontinue models without notice or obligation. Photos in this brochure may show optional equipment. RVs built for sale in Canada may differ to conform to Canadian codes.
