

RECON ZX

IT'S ON.

2007 Fifth Wheel Toy Haulers by Jayco®

AMERICA'S MOST LIVEABLE RVs.

2007 RECON ZX Fifth Wheel Toy Haulers

AMERICA'S MOST **LIVEABLE** RVs.

"Liveable" may mean what you see, what you feel or even what you trust about a Jayco. But one thing is for certain, "liveable" is the reason why more people across North America are making Jayco their choice in RVs.

Invisible Liveables

Upgrading to Recon ZX means gel-coat fiberglass exterior walls, 96" wide loading ramp and garage space that handles quads, side x sides, right up to full sized sand rails. Recon ZX also means a 1,000 watt Xantrex® inverter plus a 25 gallon generator fuel tank ...all standard.

F36V model shown

- 1** Toys need tools, so we've included mill-finished aluminum shelves and a handy workspace (select models).
- 2** The radius-cornered ramp door has a weight capacity of 2500 lbs. and is designed for safety.
- 3** Outside storage compartments are generously sized for large items like sports gear.
- 4** It's easy to keep your toys securely stowed away with this cam-style ramp door latch with built-in lock.
- 5** Our tie-down rings are each rated for 2,500 pounds and keep your ATVs, motorcycles and other toys stationary during travel.

- 6** Durable non-slip Gripstar™ flooring makes for worry-free trips up and down the ramp.
- 7** 3/16" luan board adds strength to the roof, sidewalls and floor.
- 8** Foam insulation in floors and sidewalls (R-9 in roof and R-7 in sidewalls) helps keep the interior comfortable.
- 9** Roof rafters are constructed of strong, residential-style 4-1/2" trusses.
- 10** 3/8" plywood in roof construction
- 11** One-piece, seamless rubber roof shrugs off the hardest rains, reflects heat and reduces noise.
- 12** Easy-care carpet is included in select areas.
- 13** Carpet pad enhances the comfort and durability of the carpet.

- 14** 2" laminate floor contains 3/8" seamless Structurwood® main floor decking creating a firm foundation for flooring materials.
- 15** Welded tubular aluminum sidewall framework offers lightweight durability.
- 16** Like the sidewall framework, the floor frame is built of aluminum.
- 17** TuffShell™ vacuum-bond laminated gel-coat fiberglass sidewalls are sleek and aerodynamic.
- 18** One-piece underbelly covering greatly reduces drag for better fuel economy and protects from grime and road debris.
- 19** We simplified the "ins and outs" with the Big Easy™ triple retractable main entrance steps.
- 20** Enjoy smoother rides with the optional MOR/ryde® pin box and suspension package.
- 21** Fiberglass insulation in underbelly and roof construction (R-11)
- 22** Aluminum welded wheel wells

Incredible Liveables.

Anybody that packs this much adventure into travel deserves a toy hauler that's designed to handle it all with gusto. Recon ZX has plenty of cargo space for your toys plus plenty of sleeping space for your friends and family. Fully equipped and easy to load, you're ready to roll at the drop of a hat.

The generous cargo space easily accommodates two full-size ATVs or motorcycles.

Gas up and get going with this optional 25-gallon fuel station.

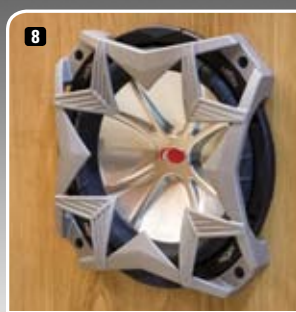

treadlightly!
OFFICIAL SPONSOR

Jayco proudly sponsors Tread Lightly!®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

Available Liveables.

Recon ZX upgrades keep coming, with optional electric overhead queen bed in the rear and Kicker® speakers with AM/FM/CD/DVD system that's iPod® ready. Full kitchen, plenty of storage and trend setting interiors mean only Recon ZX combines upgraded garage and living amenities as standard into one toy hauler.

- 1 Cooking's a snap in the fully equipped kitchen with deep recessed residential-style sink, high-rise faucet, recessed 3-burner range and microwave with carousel.
- 2 The bedroom offers relaxing comfort with a queen size pillow-top mattress, quilted bedspread, carpeting and accordion-style door.
- 3 Additional sleeping space is provided by a cozy queen bunk.
- 4 Fill up your tires anywhere, even in remote locations, with the 2.5-gal. air compressor that's part of the optional Power Package.
- 5 After playing hard, take it easy inside — you'll find everything you need to gather the gang together and share a meal or movie.
- 6 Spacious and loaded with storage, the kitchen features handcrafted Manchester Oak cabinetry with raised panel doors and drawers.
- 7 An optional retractable screen wall pulls down in seconds, creating an extra space to have a seat and enjoy the breeze.
- 8 Turn up the volume with the optional Kicker® subwoofer and amplifier. The Customer Value Package includes an AM/FM stereo, CD/DVD player, Kicker® speakers, iPod® adapter/charger and Sony® outdoor water-proof stereo control.
- 9 The Jayco ZX command center lets you control all power functions from one spot.
- 10 With the power jump pack, part of the optional Power Package, you'll have battery power wherever you go.
- 11 Wash off the dirt from a rugged afternoon with the handy pressure nozzle hose which comes as part of the optional Power Package.

Measurable Liveables.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up, and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart to the left.

Unloaded Vehicle Weight (UUV):

Sometimes referred to as "Dry Weight," UUV means the typical weight of this trailer as built at the factory. The UUV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options, or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR):

GVWR means the maximum permissible weight of the trailer, including the UUV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UUV and the CCC.

Cargo Carrying Capacity (CCC):

CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo, and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UUV. The addition of options will decrease the CCC.

Hitch Weight (HW):

The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

- \$2,000 trip interruption reimbursement
- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks

We Back What We Build.

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. In addition, our limited warranty may be transferred one time within the warranty period. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer or visit our website at www.jayco.com.
