Jayco

AMERICA'S MOST LIVEABLE RVS.

DESIGNER

Designer™
2009 Fifth Wheels by Jayco®

Luxury Done the Affordable Way

You've worked hard to get to this point in your life. Savor the moment. Enjoy the finer things and relish the little details. Jayco has redesigned the 2009 Designer with you in mind—from the decorative drawer-pulls to the Provincial Glazed Maple hardwood cabinetry to the Store-Galore™ basement. The 2009 Designer features premium materials and upscale touches, providing a luxurious environment for just the week or perhaps the winter. Whatever your RV lifestyle, Jayco believes the best things in life don't always have to cost a lot.

DESIGNER

The 2009 Designer offers many high-quality amenities in a variety of floorplans that sleep 4 to 6 people. Designed to be a luxury suite on wheels, the Designer is ideal for extended stays, long trips or winters in sunnier climates.

Built For Liveability

Durable Construction

Designer fifth wheels are constructed with high quality materials using production techniques perfected over the past 40 years. The seamless one-piece rubber roof with a 5" thick, TuffShell™ vacuum-bonded laminated roof **1** along with a heated and enclosed underbelly **2** provide comfort in all seasons.

Designed For Convenience

Many features on the Designer are designed to make travel more enjoyable and liveable such as attractive easy-care carpet **3**, high-quality carpet pads which provide enhanced durability and comfort, and the Store Galore basement storage **4**.

Built for Comfort

Jayco's welded tubular-aluminum sidewall framing and bead-foam insulation (R-9) **5** in the Designer's sidewalls help keep the living space comfortable. The FRP smooth fiberglass sidewalls **6** provide a sleek, aerodynamic look.

Value Defined

The Designer Customer Value Package offers amenities such as 15,000 BTU central air conditioning **7**, deluxe Cloud Ten™ pillow-top mattress, Multi-Media Premium Sound System™ AM/FM/CD/DVD stereo with an MP3 and iPod® input jack, outside shower, a 19" HD LCD TV in the bedroom and a 32" HD LCD TV.

Protection from the Elements

Extend the camping season with Jayco's Polar Barrier™ 4-season thermal package. Designed for efficient heating and cooling, Polar Barrier™ protects against freezing, even when temperatures drop as low as 0° F (-17° C).

Take the Road Less Traveled

No matter which way the wind blows, you'll find that towing your 2009 Designer is easier and more reliable than other comparable fifth wheels. With the MOR/ryde® suspension and the light weight, welded aluminum-framed sidewalls, towing the Designer can be as luxurious as staying in one. Once you arrive, the Wide-Trac™ landing gear increases stability wherever you decide to park.

Take in the view through the enlarged picture window in the living and dining areas. Relax on the oversized sofa or entertain at the sleek, expandable table and chairs.

Create Culinary Memories

Perfect for the recreational chef, the Designer's kitchen serves up a scrumptious blend of handcrafted cabinetry in Provincial Glazed Maple hardwood, first-class appliances, solid J-Stone® countertops and oil-rubbed bronze lighting and fixtures. The warmth of this well-designed space is sure to be one of your guests' favorite items on the menu.

34RLQS | MOCHA

You'll be well-equipped for movie night with this optional deluxe entertainment center featuring a 42" LCD TV and Multi-Media Premium Sound System™ AM/FM/CD/DVD stereo with an MP3 and iPod® input jack.

Convenience and comfort are key with the queen size bed in this bedroom that features plenty of wardrobe space and adjoining bathroom amenities.

There's plenty of room to relax in the richly appointed bedroom featuring Jayco's Cloud Ten™ mattress, decorative headboard, reading lights and ample storage.

Designer™

Find Your Home on the Road

It's said that home is where you hang your hat. The 2009 Designer not only allows you to hang your hat, but to bring all the comforts of home with you while you're out enjoying your favorite destination.

The luxurious seating options, well-designed living space, and finer touches such as the optional 5,100 BTU fireplace, 42" LCD TV and Multi-Media Premium Sound System™ will make you feel comfortable and at home no matter which gorgeous view can be seen out the picture windows.

35RLTS | SLATE

All the conveniences of a modern kitchen are within reach and easy to find along with plenty of pantry space and storage.

The bathroom includes a 34" fiberglass radius shower with a skylight, glass shower door and residential style medicine cabinet with mirror.

Dream sweet dreams on the queen-size bed or watch the late night shows after a fun-filled day of adventures. The bedroom area is designed for relaxing and unwinding.

A LEGACY OF CRAFTSMANSHIP.

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

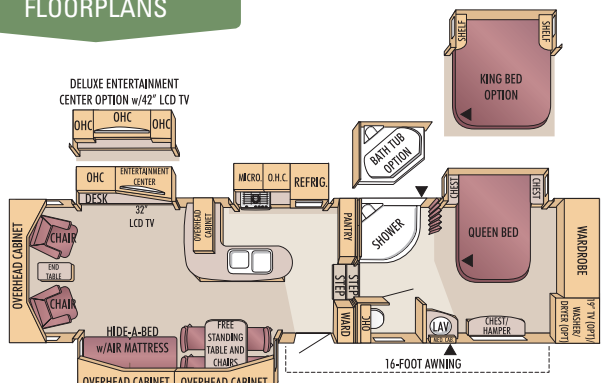

Unloaded Vehicle Weight (UUV): Sometimes referred to as "Dry Weight," UUV means the typical weight of this trailer as built at the factory. The UUV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UUV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UUV and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UUV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

AMERICA'S MOST **LIVEABLE** RVs.

IT'S ALWAYS BEEN ABOUT "LIVEABILITY"

Lloyd Bontrager went into the RV manufacturing business in 1968 to improve the camping trailer lifter system. He knew that a better lifter system would mean a more "liveable" camping experience for his family and so many others.

More than forty years later, and now the largest family-owned RV manufacturer in the world, this priority still rings true at Jayco. As we work to continue building "America's Most Liveable RVs", we do it with one goal in mind—to improve the RV experience and help make "family time" truly memorable.

We Back What We Build

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

Why a Local Jayco Dealer is Important to You

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Jayco dealers are required to deliver all products at the site of the sale to ensure a full product orientation and walkthrough at the time of delivery. It's a good way to become familiar with your Jayco and to meet the service, parts and warranty staff members who will be assisting you. If you live in Canada, there are regulations that must be met when buying a Jayco RV. Your local Canadian dealer is a professional at meeting these requirements and regulations. There simply is no substitute for a good relationship with your local Jayco dealer.

Your Jayco Dealer

A large, empty rounded rectangular box intended for a customer to write down the name and address of their local Jayco dealer.

Customer First Roadside Assistance

Travel worry-free in your Designer™ with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- **Free** jump starts
- **Free** tire changes
